

Silk Covers

100 % Mulberry Silk

Remove straps and mask cushion.

Take a piece of plastic and put it over the end of the headgear frame. This makes the silicone frame slide easily through the fabric cover.

Line up the tabs with the side openings in the fabric. Push the headgear frame through the circle opening.

Remove the plastic and repeat on the opposite side. Make sure the side tabs go through the side openings.

Adjust, reattach the straps and mask cushion.

Hand wash. Air dry. Do not use bleach.
